For democracy. For everyone.

Geneva, 29 February 2016

Dear Madam President,
Dear Mr. President,

We are pleased to invite your parliament to participate in the next World e-Parliament Conference, which will be hosted by the National Congress of Chile in Valparaiso on 28-30 June 2016.

The World e-Parliament Conference is the leading international forum for exchanging good practices and building inter-parliamentary cooperation in the area of information and communication technology (ICT). This will be the seventh edition of the conference since 2007.

On this occasion, we plan to launch the findings of the 2016 edition of the World e-Parliament Report. The conference will allow the parliamentary community to take stock of the progress accomplished and will help parliaments to prepare for the future, as they seek to keep pace with the changing uses of technology in society.

The World e-Parliament Conference is aimed at members of parliament, secretaries general, parliamentary ICT staff and other experts in the field. Approximately 350 participants are expected.

Conference documentation and information about how to register will be made available in due course.

We hope that you will already want to make a note of this event in your calendar, and look forward to the active participation of your parliament in this important event.

Yours sincerely,

Martin Chungong
Secretary General
